Introducing JMAR Moses 17D14—the \$44,000 herd sire selected by Mobley Cattle LLC in Georgia. Moses is a Grandview out of a full sister to JMAR Jefferson 8M11. He represents what we have been striving to achieve with our breeding program. Moses uniquely combines the power, muscle and presence of Jefferson with the depth of rib, softness and maternal of Grandview. Rarely do we see a bull that combines muscle, performance, an EPD profile and eye appeal as well as Moses.

We don't know where you'll find a bull who excels in more traits and immeasurable's than JMAR Kinsman 3J82. He's top 1% growth, 1% ribeye, 1% carcass weight, 2% marbling, 2% TSI and yet top 1% maternal as well. He's a PA free son of the popular KC Jack 0891 out of a tremendous EC Forefront daughter who does nothing but raise our top calves. His historic cow family is well documented and since WCR MISS CENTURY 283 every generations has produced a donor or a herd sire or both. If you believe in stacking cow families, it doesn't get much deeper than Kinsman's. Kinsman not only excels on paper, he also has tremendous feet, a fabulous disposition, is long, smooth, attractive and homozygous polled.

Marvel is an exciting new outcross calving ease herd sire at JMAR Genetics. In our quest for a calving ease sire, who wouldn't sacrifice growth, muscle and marbling, we found Marvel and he has exceeded our expectations. Throw in his outcross pedigree, tremendous phenotype and maternal strength and we truly believe Marvel is one of a kind. We're super excited to have his first calves on the ground now and they do not disappoint. Watch for the first ones to sell this fall.

JMAR Jefferson 8M11 the \$48,000 high selling bull at our 2022 spring "New Beginnings" sale going to ABS. Jefferson is the former #1 TSI bull in the Charolais breed. He is a rare combination of performance, EPDs, eye appeal and carcass. His dam is one of the top Silver Gun daughters in the breed and holds a #1 TSI ranking herself. Jefferson sons are topping sales across the country.

Jefferson is Homozygous Polled and PA Free. For semen contact your ABS representative. Qualified for U.S. and Canada.

A son, EC Top Gun 218 Pld

Joshua will lead you into the promised land. JMAR Joshua 23M11 was the high selling bull in our fall 2022 bull sale at \$31,750, with several other top breeders from around the country bidding. He combines Performance, Muscle, Marbling and Maternal as well as any bull in the Charolais breed. Combined with his phenotype, foot scores and feed efficiency make Joshua the leader he is prophesied to be. Joshua sons recently topped the Circle F bull sale, where 27 sons averaged an impressive \$12,444. The top-selling bull brought \$50,000 and now calls Lindskov's LT Ranch in South Dakota home. PA Free. Semen available through Circle F Farms

JMAR Malachi 7E04 is one of the most complete bulls we have raised to date. He has a tremendous EPD package that ranks him in the top 1% for TSI, an outstanding cow family that just keeps cranking out herd sires and excels in the convenience traits like feet, muscle and scrotal. Malachi brings all the traits you love about his sire Estrada into a lighter birthweight higher marbling package.

We are super excited to partner with ST Genetics on Malachi. Be sure to contact your ST Genetics Representative for semen.

JMAR Lead Time 1L16 was selected by Select Sires as a low bw, high carcass value bull to compliment their beef on dairy program as well as purebred and commercial semen sales, but he is exceeding all expectations. He is rapidly becoming known for his low birth weight and use on purebred heifers who then explode into stout, deep, big bodied, big nutted, soggy, sound performance bulls, that commercial cattlemen love. His offspring is beginning to top sales all across the U.S. and Canada. Semen for sale in the U.S. and Canada, contact your Select Sires representative for orders.

JMAR Lead Time son who was a high selling lot in the Pleasant Dawn Bull Sale in Canada

JMAR Lead Time son who topped the TS Strnad Bull Sale in KS
